

## Competence validation for Virtual Learning Facilitators

You are an experienced online trainer or online tutor, but you have not undergone a specific training for this task?

You have acquired your skills and competences “on the job”, through “learning by doing”, or through informal self-study?

You do not have a certificate confirming your professional competences as a virtual learning facilitator?

## Then the FAVILLE validation offer could be the right thing for you!

The FAVILLE validation process will guide you to systematically **reflect** on, **document** and **demonstrate** your own professional **competences** in the following areas:

- 1) E-learning competence (conceptual, technical, legal)
- 2) Socio-communicative and facilitation competence
- 3) Professional awareness and adherence to adult learning principles
- 4) Didactic-methodical skills
- 5) Managing, planning, organisational skills

For the validation process, different **instruments** will be applied:

- ▶ a self-assessment questionnaire
- ▶ an application portfolio
- ▶ a competence test

After successful completion you will receive the FAVILLE certificate which confirms your professional competences in the five above
